Aging With Chronicity: Overview and Resources 2015 Ed.

Article by: Charlotte Eliopoulos, RN, MPH, ND, PhD
Mary Shelkey RN, PhD, GNP
Nurse Planners: Deborah Shields, PhD, RN, CCRN, QTTT, AHN-BC, Linda Thomas, PhD, RN-BC, CCRN, CHTP/I, HTAP & Terri Roberts JD, RN

Overview
The purpose of this CNE activity is to explore the realities of chronic illness in later life through an independent, self-paced reading activity.

Target Audience
This activity has been designed to meet the educational needs of registered nurses who provide care to older adults.

Learning Objectives:
Following this education activity, the participant will be able to:
1. Describe three demographics for older adults in the U.S.
2. List five common changes of aging.
3. Describe three geriatric syndromes.
4. List three Complementary and Alternative Modalities (CAM) available to older adults.
