Healing the Holistic Way

The American Holistic Nurses Association will be hosting a presentation titled “Healing the Holistic Way” on Saturday, June 13, 2015 from 8:00 am to 11:30 am in Branson, Missouri at its 35th annual conference. This workshop will focus on three key components of the Holistic Caring Process including Healing Presence, a Multi-Dimensional View and Creation of a Healing Field. These caring Processes are often regarded as the cornerstone of professional nursing practice, but the knowledge and skills to develop these approaches are inadequately taught within the profession. This workshop is intended to fill the gap by providing information and tools that can be readily applied by any practitioner.
